### PRICE LIST

# Of Select Strawberry Plants

J. W. JONES & SON Franklin, Virginia

Dear Friend:

Once again we are issuing the simplest kind of price list for our plants. Last summer was one of the wettest years in our memory. Labor is still critical. This adds up to a far below normal supply of some varieties, notably PREMIER. WE FIND IT NECESSARY TO LIMIT EACH OF OUR FRIENDS TO 2,500 PREMIER IN ORDER TO DISTRIBUTE THEM AS EVENLY AS POSSIBLE. WE HAVE AN EXCELLENT SUPPLY OF CATSKILL AND BLAKEMORE, OTHERS IN QUANTITY SHOWN ON PRICE LIST BELOW. All our plants are large and vigorous and will reach you in good condition. Remit by check or bank draft and give plain shipping directions. Express is best and cheapest except in small quantities.

Prices listed below are at Franklin, Virginia, receiver to pay charges. If you wish them by parcel post, just send order and we will attach C. O. D. claim for the postage we pay on it.

#### LIST OF VARIETIES

DORSETT—The plants grow vigorously but do not often get too thick. The berries are a full red with green cap, fine size and uniform shape. In productivity it will not quite equal Premier or Catskill but it bears well. Ripens about same time as Premier.

FAIRFAX—A vigorous grower and quite productive of fancy berries. It is apt to turn dark quite soon after picking but this does not mean that it is spoiled. Its ripening season is same as Premier. Unquestionably the best for home garden and near market.

BLAKEMORE—A fine shipping berry. Must be kept thin for nice crop. We do not recommend it for northern areas.

PREMIER—An early berry without a peer to grow, to stand frost, to produce, and to sell in all markets. Our stock is very clean and healthy.

CATSKILL—A vigorous grower with berries of fine size, color and shape. We recommend it as best midseason variety.

PATHFINDER-Midseason variety, quite productive. Recommended for the north. A good plant maker.

REDSTAR—Very late. Makes a good fruiting bed. Sets a heavy crop. Best on moist land.

MIDLAND—Ripens about the same time as Premier. Good plant maker and fairly productive. Worthy of trial.

TEMPLE—A new midseason berry. Red Stele resistant, worth trying.

#### PRICES

	100	500	1,000
Blakemore	\$2.00	\$ 6.75	\$10.50
Catskill	2.60	9.00	15.00
